

# Math & Movement Family Fun Night

Hop, skip, or jump to learn multiplication!

Solve math problems on the giant hundred number grid!

Telling time has never been so much fun!

Fractions are easy to understand with Math & Movement!

Charter School of Inquiry is hosting a Math & Movement Family Fun Night. We would love for you to attend!

October 24, 2018

6:00-7:00 pm

A Math & Movement Family Fun Night is a high energy math and reading event. Children use fun floor mats and wall charts to learn math and reading concepts through movement. At the Family Fun Night, you will move from station to station with your child while engaging in fun and educational kinesthetic activities.

The Family Fun Night:

- Boosts math and literacy skills.
- Fosters an "I CAN DO MATH!" attitude in students.
- Teaches parents fun ways to tutor children at home.

Special Bonus!

Every participant will receive the following:

- *Multiply With Me, Learning to Multiply Can Be Fun* - Instructor Guide (e-book) and Student Workbook (e-book)

Students, wear your "crazy socks" for even more fun!!
